Malaria is one of the dangerous _____ in Africa. It can cause death. It is transmitted by a female mosquito called _____. This mosquito bites at night. The signs of malaria include fever and chills. In order to prevent malaria, we have to wear long sleeved shirts and light coloured clothes in the _____. This is because black colours _____ mosquitoes. Therefore, white coloured clothes are better than black coloured ones. We also have to sleep under _____ nets.

SECTION D: COMPREHENSION (10 Marks)

5. Read the following passage carefully and then write the answers in items (i) to (v) in the space provided.

My name is Ally. I am ten years old. I am in Standard Four. My brothers are Juma and Abdallah. They teach at Mwongozo Secondary School. My sisters are Aisha and Amina. Aisha is eleven years old. She is in Standard Seven. We study together at Mbuyuni Primary School. Amina is nine years older than Aisha. She has a shop. She sells rice, sugar, maize flour, beans and bread. She is very hard working. Many people like to buy things from her shop because she uses polite language. We all live in Babati Town.

Questions:

- i) How many children are there in Ally's family?
- ii) Who is the youngest in Ally's family?
- iii) How old is Amina?
- iv) Why do many people like to buy things at Amina's shop?
- v) Where does Juma live?
